# WETLANDS IN FRANCE'S NATIONAL BIODIVERSITY STRATEGY AND ACTION PLANS

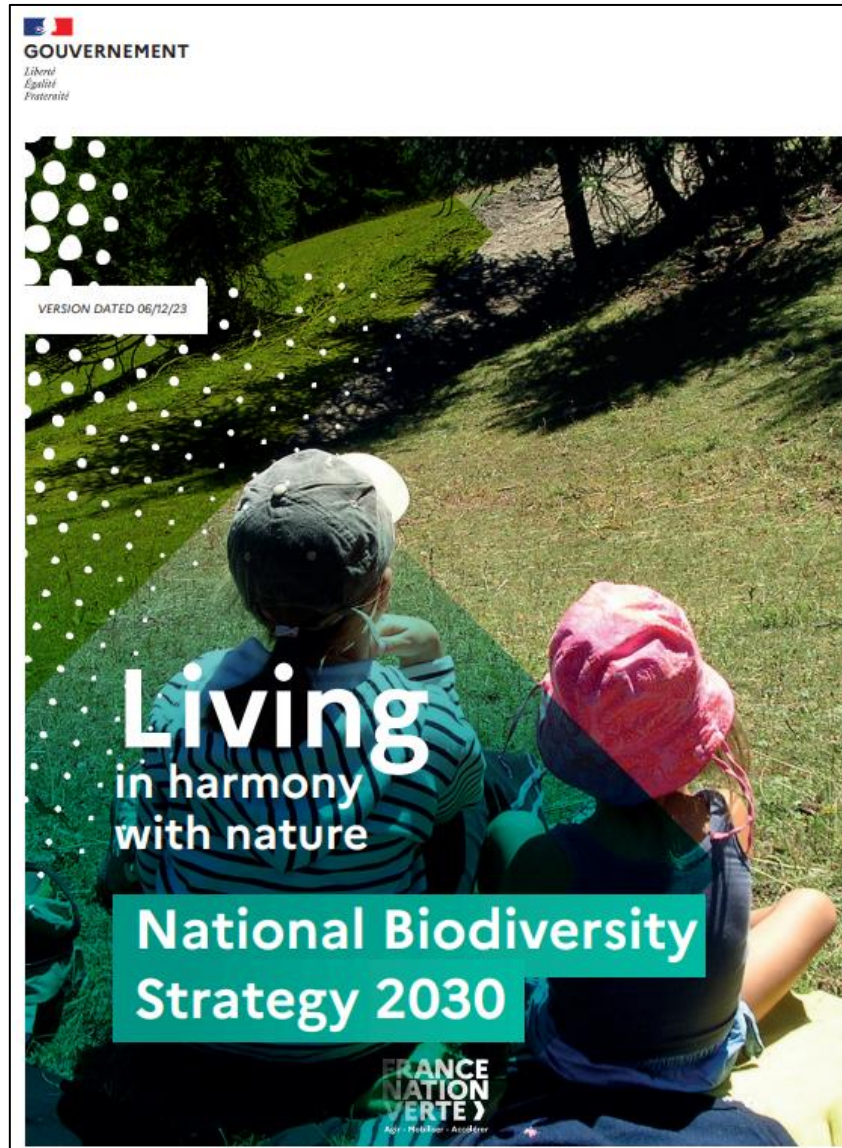

19th June 2024

Ghislaine Ferrere - [ghislaine.ferrere@developpement-durable.gouv.fr](mailto:ghislaine.ferrere@developpement-durable.gouv.fr)

Damien Jahan – [damien.jahan@ofb.gouv.fr](mailto:damien.jahan@ofb.gouv.fr)

# NATIONAL BIODIVERSITY STRATEGY

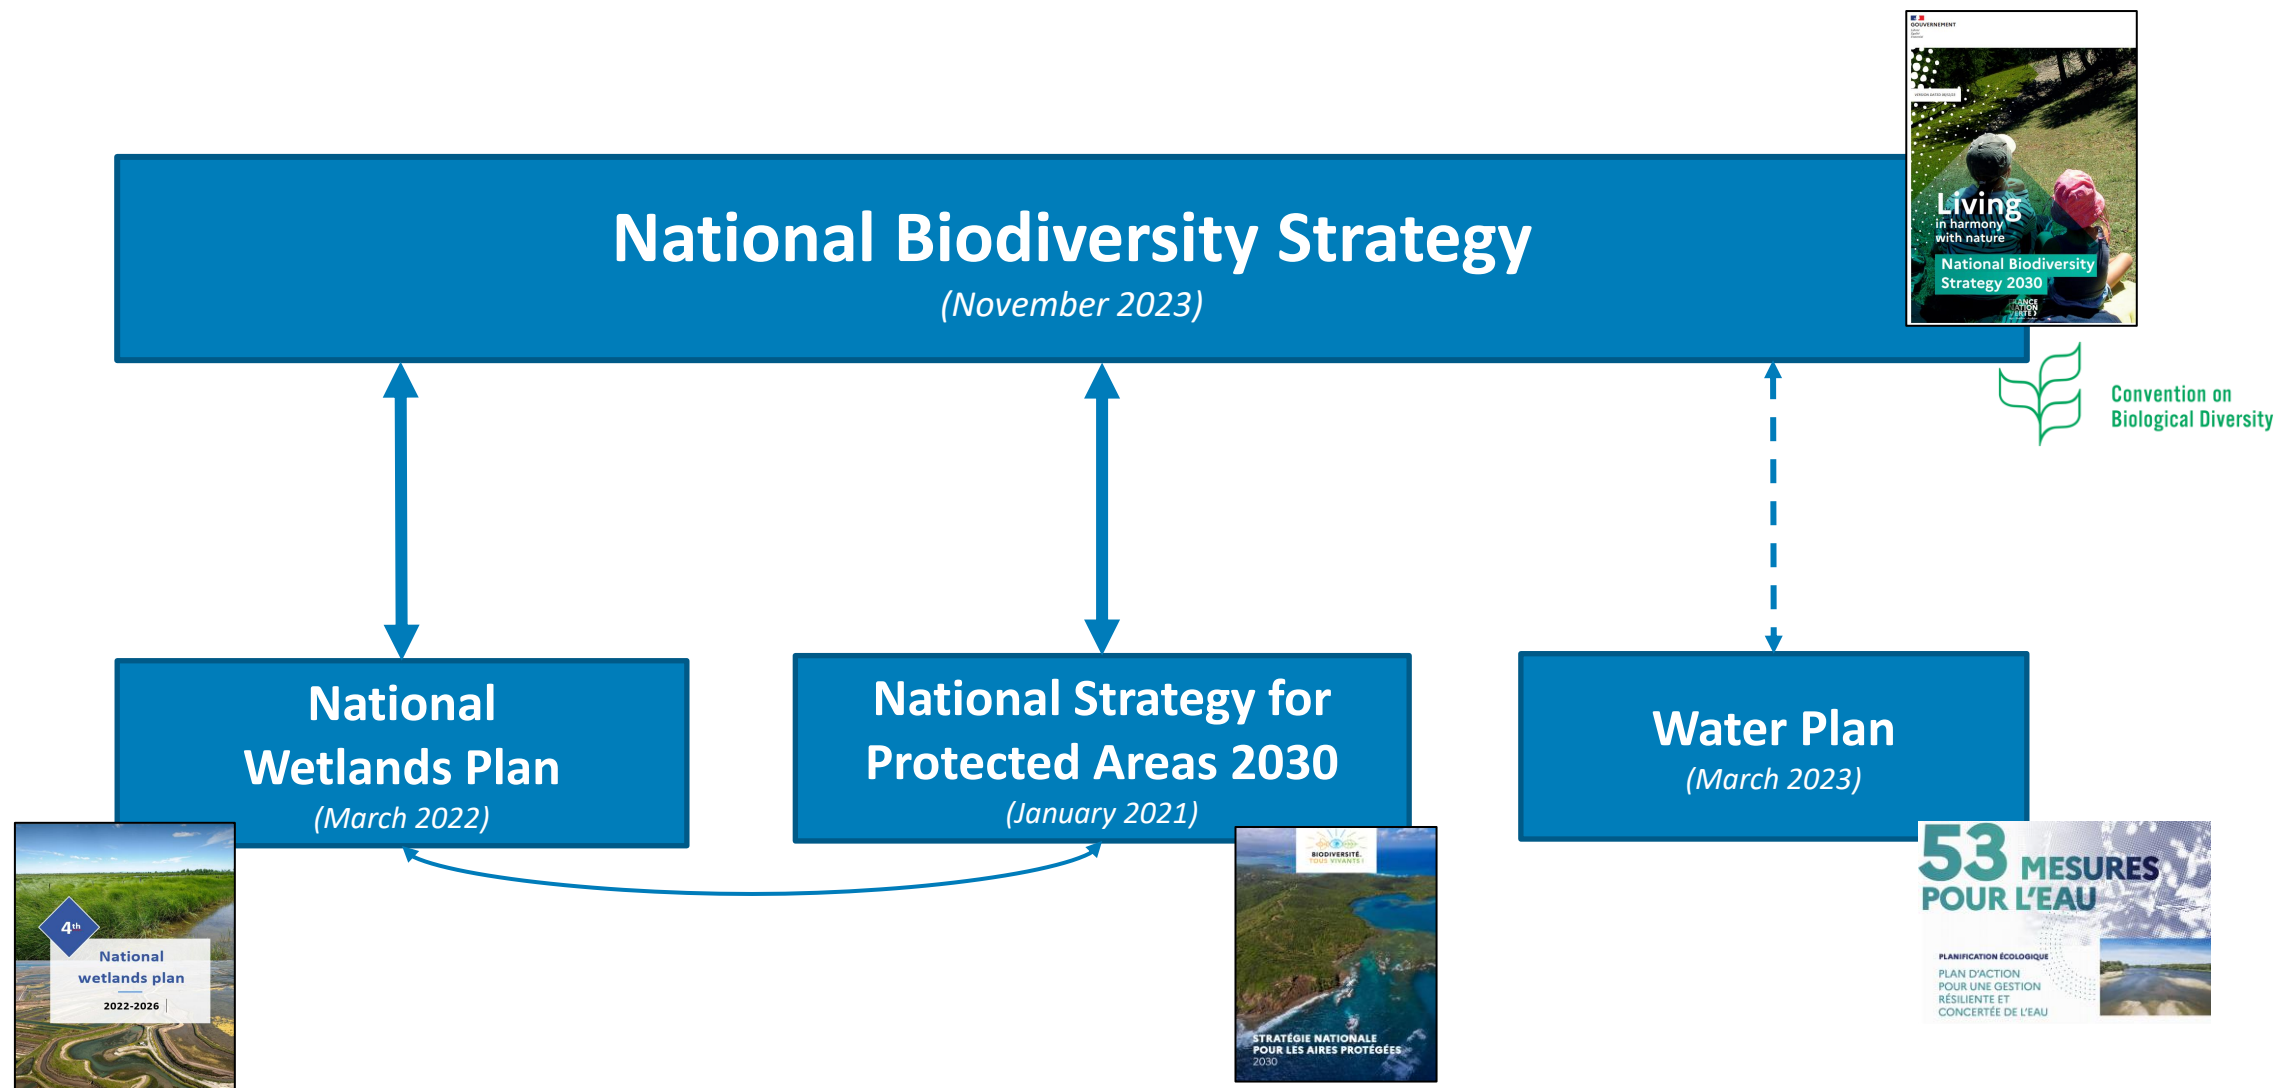

- Measure 25 : Restore wetlands
  - Restore 50,000 hectares of wetlands by 2026
- Measures 20 & 21: Restore ecological continuity and bring nature back into cities
- Measures 1 & 2: Limit changes in land and sea use
  - *“Particular attention will be paid to wetlands, given their role in biodiversity, water and climate.”*
  - Creation of a national park
- + Creation of a specific instrument for wetlands: the National Wetlands Plan

# NATIONAL WETLANDS PLAN

- 3 pillars
  - Action
  - Mobilisation
  - Expertise
- 31 actions
  - Double the area of wetlands under strong protection by 2030
  - Preserve wetlands through the acquisition of 8,500 hectares by 2026
  - Restore 50,000 hectares of wetlands by 2026
  - Complete the national inventory of wetlands

# WETLAND CONSERVATION AS A TRANSVERSAL POLICY OBJECTIVE
