## **Step 2: Description of the Cultural Importance of Human Activities**

	Human Activities	Description
	1. Habitation	
2. Primary use of wetland resources	2.1. Agriculture	
	2.1.1. Rice cultivation	
	2.2. Stock-breeding	
	2.3. Fishing and aquaculture	
	2.4. Forestry	
	2.5. Hunting	
	2.6. Salt extraction	
	2.7. Mining and quarrying	
	2.8. Water use	
	2.9. Other natural resource uses	
<b>5</b> "	3.1. Food processing	
3. Secondary use of wetland resources	3.2. Making of handicrafts and tools	
	3.3. Traditional building construction	
	3.4. Infrastructural construction	
Scor	3.4.1 Transportation	
4. Use of 3. Se wetland wetl	3.5. Traditional craftsmanship	
	3.6. Practice of traditional medicine	
	4.1. Tourism – ecotourism	
	4.2. Leisure and sports	
4. U we ser	4.3. Scientific research and education	
5.Social activities	5.1. Festivals and celebrations	
5.S acti	5.2 Religious events and activities	
	6. Artistic expression	
	7. Conservation and management activities
