

Paresh Pandya (Dr.)

(parishpandya@yahoo.com/ppandya@uwindsor.ca), Member CEC-

IUCN-Canada and Faculty of Education, University of Windsor, Professor in charge, writes: " Just a quick note to let you know about the activities planned for WWD in the Windsor-Essex county region and I am sending this mail on WWD 2011 Report. Since 1994, I was working in India and then in Canada. We actively take part in the conservation of wetlands and Education & Communication in the conservation area since its inception. As a result, of our active participation were in wetlands awareness, education, and communication program. Every year (February-April), we organize some awareness campaign, seminar, workshop, lecture, competition for school, college, and university students for the conservation of water and wetlands among the mass. . A number of local agencies have joined together to run activities for WWD 2011, For example Indo-Canada Association, School Board, South Asian Center, Hindu Sewa Sangathan, Hindu Mandir Windsor and Hindu Cultural Center. We are getting good responses in these programs. Thus for the occasion of World Wetland Day, 2011, with the help of Ramsar materials give a new momentum in our activities and will help a lot to carry out the awareness and communication campaign." The WWD has been celebrating with Hindu Temple & Culture Center of Windsor, and HSS Windsor.
