

The Educators presents
**FORESTS
 FOR WATER AND
 WETLANDS**
 2nd – 3rd Feb | Faisalabad

World Wetlands Day 2011

The Educators Al Hadi Campus Faisalabad – Pakistan celebrated World Wetlands Day on 2nd and 3rd February 2011 at its premises. This year's theme for World Wetlands Day is 'Forests for Water and Wetlands'. Students and teachers were shown documentaries on 'Waterfowl in Pakistan', Indus Dolphin, Turtles, Migratory Birds, Forests and Ozone. There were World Wetlands Day posters displayed at school along with Save Ozone posters. Thanks to CityFM89 for event hype and coverage, VShine International magazine for providing magazines which had various endangered species articles and Pakistan Wetlands Program WWF-Pakistan. There was a Q&A session in which students raised questions about wetlands and endangered species which were answered by teachers. Below are few pictures of the event:
